

Private Nurseries

P@WGROUP
WIN BACK YOUR TIME

Your child needs to live his or her day in a safe, stimulating environment for healthy, harmonious growth.

Where games and socialising go hand in hand with top quality pedagogical services. And of course, the rhythms and needs of every family need elasticity and flexibility, beginning from opening times. The NurserySchools nurseries respond effectively to all these needs and offer children a unique opportunity to grow, and families irreplaceable support.

Nurseries are open all year, including the summer months of July and August, with only a few days' closure during the year.

Opening hours: the facilities are open from 8.00 am to 7.00 pm.

Pre-school and after-school services: from 8.00 to 9.00 am and from 6.00 to 7.00 pm.

Onsite kitchen offering personal menus for children with food intolerances.

HOW NURSERYSCHOOLS WORKS.

• We do things with love.

We put all the love and attention of a mother into every part of planning and running our nurseries, right down to the smallest detail. Come and see and get hands-on experience of the materials we select; you can see the furnishings and equipment used with your own eyes.

• Lots of stimuli to grow better.

Our nurseries are pedagogically structured centres: this means they offer children a multitude of stimuli to help their motor skills and intellectual development along with full social skills.

• Pedagogy and excellence.

Our top level educational services are guaranteed by a strong, clear pedagogical identity characterised by research and change.

• We need to grow too.

Ongoing staff training is a crucial core element of nurseries. And with the constant refresher courses of our educators, we can lay claim to a very high pedagogical level.

At NurserySchools, children are separated into age groups: infants, from 3 to 12 months; toddlers, from 12 to 24 months; and children from 24 to 36 months. This ensures that we meet the specific, diverse needs of each age bracket in 0-3-year olds.

OBSERVING, EXPERIMENTING, DOING.

Our childcare centre is an open area where children search, experiment and explore through the many activities offered:

- drawing and painting workshops, and expressive workshops;
- activities for the senses (hands-on, culinary, olfactory, visual);
- an initial approach to English with a native English speaking educator;
- neuromotor and psychomotor skills;
- doing, discovering, learning;
- music workshops;
- role play;
- stories and fairytales;
- swimming classes;
- excursions (farms, libraries, plays).

In our childcare centres, the personal relationship with the children's' parents is fundamental for the whole educational process. So it is essential for educators and parents to see each other regularly to discuss the children: their development and their different needs.
